

Humanities and Digital Technologies @ HKU
— UNDERSTAND, INNOVATE, THRIVE —

BACHELOR OF ARTS IN HUMANITIES AND DIGITAL TECHNOLOGIES

This unique cross-disciplinary undergraduate programme is the first of its kind in Asia. It integrates humanities disciplines with digital technologies to prepare students for a rapidly changing world.

FLEXIBLE & PERSONALISED LEARNING

- Allows students to customise their study path by combining digital technology with any Arts discipline
- **Compulsory Major in HDT** (7 cores and 9 electives)
- **Optionally pursue** a second major or up to two minors

GAIN REAL-WORLD EXPERIENCE

- Internship placement to strengthen one's skills in real-world industry settings
- Individual project portfolio to showcase one's passion and problem-solving abilities

PRACTICAL SKILLS AND JOB-FOCUSED TRAINING

- Offers hands-on and teamwork training relevant to a wide range of industries (media & culture, education, business, research...)
- "Arts Tech Lab" - an innovative space dedicated to facilitate hands-on undergraduate research experience

STUDENTS TESTIMONIALS

Ali Mansoor, from Pakistan

The BA(HDT) programme has enabled me to combine my love for computer science with my passion for exploring different fields of study.

Alice Huang, from China

BA(HDT) epitomizes interdisciplinarity by offering a profusion of course options and a wealth of extracurricular activities such as trajectory workshops and field trips for students to freely investigate.

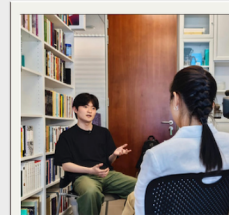

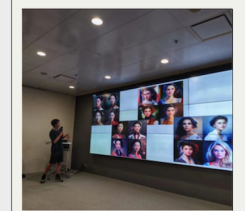

Janice Lam, from Hong Kong SAR

This programme deepened my understanding of digital humanities and its potential to enhance learning. The close bonds and support among teachers and students fueled my passion for exploring technology's intersection with the humanities.

Junwoo Park, from South Korea

I'm so grateful for the delightful experiences the BA(HDT) programme offers! The workshops, projects, programmes, and research opportunities always spark my curiosity and guide me toward unravelling the mysteries of the digital world. This programme allows me to explore the humanities while staying open to the latest digital technologies.
